

17 November 2019

Dear Compak SA Member

We have received very little feedback from the membership body in response to our correspondence regarding dedicated sportsman status which we have taken to be tacit approval of our recommendations.

In future, any Compak SA Member, if paid up (which means the member has paid his/her membership fees for the current and/or upcoming year) will be eligible to download his/her Membership Certificates for personal reasons. If any member requires a Dedicated Sportsman Status certificate, the specific member must have shot or competed in a formal Compak SA Trial (consisting of 200 competition targets) within a 12-month period immediately prior to seeking the certificate.

If complied with, we will issue a Compak SA Dedicated Sportsman Certificate. The website is currently being modified and updated to automatically generate the member dashboard to include a Dedicated Sportsman Status Certificate if the member has competed in a Compak SA Trial as stated above.

I trust you find this in order.

Derek Steyn

Executive Committee
